# MAP-fis Research Conference 2016

The annual MAP-fis Conference will take place in University of Aveiro, on July 1st. All MAP-fis students currently engaged in thesis work are required to participate in the Workshop. It provides an opportunity to reflect on the status of the work, and hone presentation skills.

If for any reason you cannot be present in the workshop contact immediately Florbela Martins, ([fmartins@fc.up.pt](mailto:fmartins@fc.up.pt)). We will try to arrange conditions to allow you to present your work by video conferencing.

First year students, while not required to present a communication, will benefit greatly from attendance of this event.

Tentative format (may be adjusted, according to the number of participants) will take the form of a 20 minute oral presentation (with 5 minutes for questions included) or a poster presentation. Here are important dates:

- **March 29** - Pre-Registration with provisional title
- **June 10** - Abstract submission
- **July 1st** - Conference

To register, please fill the form available at

[http://dfa.fc.up.pt/ensino/doutoramentos/map-fis/map\\_fis\\_conference2015](http://dfa.fc.up.pt/ensino/doutoramentos/map-fis/map_fis_conference2015)

To facilitate the organization we also ask staff members and anyone wishing to attend to register at the same site.

More information on the Conference will be posted in
